

## PART II CERTIFICATION EXAMINATIONS

Attaining ABFAS Board Certified Status  
Effective September, 2020

### NOTES

All candidates with ABFAS Board Qualified status must log all procedures in Podiatry Logging Service (PLS) after completion of residency. ABFAS will randomly select 13 Foot Surgery cases and/or 13 Reconstructive Rearfoot/Ankle Surgery Cases from the PLS log.

**Board Qualified candidates who completed residency prior to 2015 may pursue board certification until expiration of board qualified status.**

Board Qualified candidates may qualify for seven years and may requalify once for an additional seven years; qualification limited to a total of 14 years.

**Board Qualified candidates completing residency after 2014 have seven years from becoming Board Qualified to achieve board certification.**
