Such prohibited actions may result in legal action or the loss of privileges, benefits, qualifications, or certifications granted by ABFAS.

Nondiscrimination Policy. In accordance with applicable federal laws, the American Board of Foot and Ankle Surgery® does not discriminate in any of its policies, procedures, or practices based on race, color, national origin, sex, sexual orientation, age, or disability.

Americans with Disabilities Act. In compliance with the Americans with Disabilities Act, the American Board of Foot and Ankle Surgery® will make reasonable accommodations for individuals with disabilities provided the candidate submits a written request and all required documentation no later than thirty (30) days prior to the date(s) of the examination. Candidates will find additional information including how to apply on the ABFAS website.
Introduction

The Board of Directors of the American Board of Foot and Ankle Surgery (ABFAS) has approved a Maintenance of Certification Program (MOC). This MOC Program has replaced the ABFAS Recertification process. ABFAS is preparing to change the process again to one of Continuous Certification in 2022.

Note: Diplomates of the American Board of Ambulatory Foot Surgery (a section of the American Board of Foot and Ankle Surgery) do not have an ongoing evaluation.

ABFAS MOC PROGRAM

All Diplomates issued a time-limited certificate must participate in the MOC program to maintain certification.

Diplomates issued a lifetime certificate are required to meet all components of MOC, except their examination will be administered as a self-assessment examination. See Document 111 for more details if you fall into this category.

MOC has replaced ABFAS Recertification as of 2016. The process will be implemented according to each Diplomate’s 10-year recertification cycle.

In summary, the ABFAS MOC program consists of the following requirements.

1. Maintain a valid, unrestricted podiatric license in the United States or Canada.
2. Maintain active surgical privileges at either a hospital or surgical center.
3. Obtain 200 continuing education credits per 10-year cycle.
4. Complete a formalized, secure examination consisting of the fundamental diagnostic skills, medical knowledge, and clinical judgment to provide quality care during every 10-year cycle.

Calendar of Important Recertification Examination Dates

<td>Exam - Reconstructive Rearfoot/Ankle Surgery</td>
</tr>
<tr>
<td>January 29 – February 12, 2021</td>
<td>Exam - Foot Surgery</td>
</tr>
</tbody>
</table>
Requirements

I. Maintain a valid, unrestricted podiatric license in the United States or Canada.
All Diplomates must maintain a valid and unrestricted license within the United States or Canada. ABFAS will collect license validation information for each Diplomate for the state(s) in which he/she practices. Currently, ABFAS updates this information in conjunction with each state’s licensing cycle. Diplomates are required to report to ABFAS any change in their licensing status.

II. Maintain active surgical privileges at a hospital or surgical center.
Diplomates must request their hospital/surgery center to submit proof of active surgical privileges in each category. The documentation must contain a signature of a hospital/surgery center official with the seal of the hospital or surgery center. Please scan and send the proof of privileges to privileges@abfas.org, or fax to 415.553.7801. Appendix A contains a template that you can provide to your hospital.

Note: If you are no longer actively doing foot and/or ankle surgery, but still practicing podiatry, you may be eligible for "Certified: Surgically Inactive" status. You still need to meet other MOC requirements, except your hospital privileges do not need to be surgical. Please contact info@abfas.org, or call our office at 415.553.7800 for more information.

III. Obtain 200 hours of Category 1 CME credits.

Diplomates must participate in 200 hours of Category 1 or CPME-approved continuing education (CE) credits per 10-year cycle. All continuing education must be pertinent to the practice of podiatric medicine and/or surgery and cannot include practice management. Risk management credits are allowed. It is the Diplomate’s responsibility to obtain documentation of continuing education credits, not the organization that offers the program. Diplomates may submit continuing education credits only for programs in which they actively participated. Category 1 activities are those that have been approved by an accredited sponsor. An Accredited Sponsor may include, but is not limited to CPME, AMA, and AOA.

Diplomates must attest to their continuing education credits, there is no need to send in documentation. ABFAS may perform audits to ensure the accuracy of the submitted data.
Continuing education credit requirements will be prorated per year as follows:

<table>
<thead>
<tr>
<th>Year</th>
<th>Credits</th>
<th>Year</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>2016</td>
<td>20 credits</td>
<td>2021</td>
<td>120 credits</td>
</tr>
<tr>
<td>2017</td>
<td>40 credits</td>
<td>2022</td>
<td>140 credits</td>
</tr>
<tr>
<td>2018</td>
<td>60 credits</td>
<td>2023</td>
<td>160 credits</td>
</tr>
<tr>
<td>2019</td>
<td>80 credits</td>
<td>2024</td>
<td>180 credits</td>
</tr>
<tr>
<td>2020</td>
<td>100 credits</td>
<td>All years after 2024</td>
<td>200 credits</td>
</tr>
</tbody>
</table>

Category 1 activities are those that have been approved by an accredited sponsor. Accredited Sponsors may include, but are not limited to CPME, AMA, and AOA.

Your CME certificate should also state that the activity has been approved for Category 1 credit and name the institution or organization that awarded the credit. If you have participated in Category 1 activities, the provider should provide you with a certificate of completion.

Acceptable certificates/documentation must include:
- Name of the licensee
- Name of the course
- Date of the course
- Number of credit hours earned
- Provider of the course
- Category type

**IV. Complete a formalized, secure examination (Recertification Exam) that demonstrates the physician has the fundamental diagnostic skills, medical knowledge, and clinical judgment to provide quality care.**

Diplomates must take a secure examination within 10-year cycles. The computerized examination is administered at regional, secure computer sites.

**V. Attest to having performed Foot and/or Reconstructive Rearfoot and Ankle Surgery within the last two years.**

During the exam registration process, diplomates will attest to having performed podiatric surgery. There is no need to upload case logs and there are no minimum case requirements. If you have not performed surgery in the last two years, please contact the ABFAS office, 415.553.7800. Diplomates will see the following screen when registering.
Three-year Window of Opportunity

Diplomates may take the examination in the eighth, ninth, or 10th year of their MOC cycle. Diplomates who fail their exam in their eighth or ninth year may retake it. They will lose their certification if they fail in their 10th year. **ABFAS encourages diplomates not to wait until their 10th year to sit for the examination.**

Effects of Passing or Failing

Diplomates passing the Foot Surgery Recertification Examination are recertified in Foot Surgery. Diplomates passing the Reconstructive Rearfoot/Ankle Surgery Recertification Examination are recertified in Reconstructive Rearfoot/Ankle Surgery (except as defined in paragraph [2] below). Diplomates receive a time-dated recertification label that expires in a 10-year increment from the date of initial certification (e.g., initial certification in 2001, passed recertification in 2009, 2010 or 2011, recertification expires in 2021)

**Designation:** “A Diplomate of the American Board of Foot and Ankle Surgery, certified in Foot Surgery (and Reconstructive Rearfoot/Ankle Surgery) in 19XX. Recertified in Foot Surgery (and Reconstructive Rearfoot/Ankle Surgery in 20XX”

Failure to pass the Foot Surgery Recertification Examination within the three-year window results in the Diplomate’s status expiring, and the Diplomate must apply to reestablish board certification under the policy established by the ABFAS Board of Directors.

**A Reconstructive Rearfoot/Ankle Surgery Diplomate who passes only the Foot Surgery recertification examination is recertified in Foot Surgery only.** In such cases, a Diplomate may continue taking the Reconstructive Rearfoot/Ankle Surgery Recertification Examination until the three-year window of opportunity closes.
Designation: “A Diplomate of the American Board of Foot and Ankle Surgery certified in Foot Surgery and Reconstructive Rearfoot/Ankle Surgery in 19XX. Recertified in foot Surgery in 20XX.

A Diplomate certified in both Foot Surgery and Reconstructive Rearfoot/Ankle Surgery who fails the Foot Surgery recertification examination but passes the Reconstructive Rearfoot/Ankle Surgery recertification examination, is not recertified in either category. Foot Surgery recertification is a prerequisite to Reconstructive Rearfoot/Ankle Surgery recertification. However, the Diplomate does not need to retake the Reconstructive Rearfoot/Ankle Recertification Examination. The Diplomate may continue taking the Foot Surgery Recertification Examination until the three-year window of opportunity closes. If a Diplomate is unsuccessful in passing the Foot Surgery Recertification Examination within the three-year window, her/his status expires, and the Diplomate must apply under the policy established by the Board of Directors.

A Diplomate achieving certification in Reconstructive Rearfoot/Ankle Surgery in a year after Foot Surgery certification must maintain certification in Foot Surgery to remain certified in Reconstructive Rearfoot/Ankle Surgery. Should a Diplomate be unsuccessful in passing the Foot Surgery recertification examination, such Diplomate’s certified status in Reconstructive Rearfoot/Ankle Surgery is suspended until reestablishing Foot Surgery certification, unless status in RRA expires before reestablishment in Foot Surgery.
Recertification Examination Information

Format

The recertification examinations consist of multiple-choice questions, including those based on visual presentations. Following each question are at least four possible answers. Each question has only ONE best answer.

Online Study Guide

To access the Didactic Examination online study guide, login to the StepUp eLearning website (http://www.stepupelearning.org) using your ABFAS username and password. The guide contains information about subject areas covered in ABFAS examinations and examples of examination questions. The practice examinations (please use the ones marked Recert) demonstrate the types and formats of questions to expect on the didactic examination. It is not designed to predict performance on the actual examination or identify knowledge gaps. The StepUp website also provides information about the Computer-based Patient Simulation Exam which is not applicable to those already certified so you can ignore.

Location and Dates

ABFAS offers the Foot Surgery Recertification Examination on January 29 through February 12, 2021 as a computer-adaptive examination. The Reconstructive Rearfoot/Ankle Surgery Recertification Examination is offered only on January 29 and 30, 2021 as a computer-administered test. Both exams are offered at Pearson VUE centers. If applying to take both the
Foot and RRA surgery examinations, a candidate may take both on January 29 or 30, 2021, or may choose to take the RRA examination on January 29 or 30, 2021 and the Foot Surgery examination on any day, January 29 through February 12, 2021. *Examination site selection opens November 2, 2020. Seats are limited, so please register early via the ABFAS website. COVID-19 has impacted capacity at local testing centers.*

**Registering for Your Examination**

**REGISTER FOR AN EXAM**

To get started, click on the “Register for An Exam” button above. Or you can log in to the [ABFAS website](#) with your ABFAS username and password. If you have forgotten your username or password, you will find assistance on the [login page](#).

After you have logged in, click on “Examinations” on the top tool bar. Next, click “Register for An Exam” on the left-hand toolbar. Follow the steps to select and pay for your exam. You will then be registered for your exam and able to schedule your exam with Pearson VUE.

For additional registration instructions [click here](#).

**Second Step: Scheduling your examination:**

Pearson Vue testing centers are operating at reduced capacity due to local COVID-19 restrictions. Please schedule your exam as soon as possible.

You **MUST SCHEDULE** your exam time/location via the Pearson VUE website. Your registration will not be complete until you have scheduled your exam. ABFAS will automatically email you the details on how to schedule your exam after you have registered.

On your ABFAS profile home page, click “Examinations” on the top toolbar, then click the green button on the left-hand tool bar titled “Schedule/View Exam with Pearson VUE” which will take you directly to the Pearson VUE scheduling page.

You can also navigate to the scheduling page through the "My Tasks" link on your profile homepage.

Candidates must present **two forms of current identification** at the testing center. Please note that one of the pieces of identification must be an unexpired government-issued photo identification with signature. The name as it appears on the two forms of ID must match the name as it appears on the registration confirmation. For example, if your maiden name is in your ABFAS records, but your married name appears on the driver’s license or passport, you must contact ABFAS directly to update the name on your record.
If you fail to present acceptable identification as noted above, you will not be able to enter the test center to take the examination. If this occurs, a candidate is marked “Absent” and forfeits the entire examination fee.

Failure to Appear

Candidates who fail to appear for their scheduled examination(s) without completing the formal withdrawal process forfeit all fees.

MOC Foot Surgery Examination

**Test Specifications:** The MOC Examination in Foot Surgery involves diagnostic and perioperative care of the podiatric surgical patient encompassing the foot and ankle. Intraoperative technical aspects will include reconstructive and non-reconstructive procedures of the forefoot and non-reconstructive procedures of the rearfoot/ankle. The examination emphasizes generally accepted procedures and technology related to the practitioner’s daily practice. The examination contains a maximum of 125 computer-adaptive administered questions. As each question is answered, the computer assesses the response and selects the next question based on whether the previous answer was answered correctly. The questions become progressively more or less difficult as the software assesses and establishes the ability level of the examinee.

MOC Reconstructive Rearfoot and Ankle Surgery Examination

**Test Specifications**: The MOC Examination in Reconstructive Rearfoot/Ankle Surgery involves diagnostic and perioperative care of the podiatric surgical patient who requires reconstructive rearfoot and ankle procedures. This examination emphasizes generally accepted procedures and technology related to the practitioner’s daily practice. The fixed-form examination contains a maximum of 100 questions.

**Scoring**

ABFAS provides scores and results for examinations as scale scores. Examinations are not graded on a curve. The Board of Directors sets passing scores based on psychometric evaluation of the examination. ABFAS does not provide copies of the test items since all questions remain in the active examination item pool for future use, unless removed by authority of the psychometric consultant or the examinations committee.
Review of Scores/Appeals

ABFAS does not have an appeal process for its didactic examinations. An independent psychometric consultant rescores and reviews all failed examinations. Candidates may write to examconcerns@abfas.org if they have questions about their exam score reports.

Confidentiality

ABFAS considers the status of an individual's participation in and the stage of completion of all Certification components, including an individual's certification status and certification history, to be public information. ABFAS reserves the right to publish and share public information in any and all public forums determined by ABFAS to be reasonable, including the posting of public information on the ABFAS website, sharing the public information with medical licensure boards, managed care organizations, third party payers, or others. While ABFAS generally regards all other information about individuals as private and confidential, there are times that ABFAS must release certain information to fulfill its responsibilities as a medical specialty certification board.

ABFAS specifically regards the results of an individual's Qualification, Certification, or Recertification examination (score and whether the individual passed or failed) as private and confidential.

Exam Results

ABFAS will notify candidates via email, as to when they can find their test results on their ABFAS personal profile page.
Notification and Fees

Eligibility Notification

ABFAS will notify Diplomates whose certification dates fall within the three-year window of opportunity for the 2021 recertification examinations in the fall of the year preceding the examination.

Registration and Payment of Fees

The application is online. Beginning November 2, 2020, go to http://www.abfas.org and login using your ABFAS username and password. Click on “Examinations” on the top tool bar and proceed.

Late Withdrawal Penalty

There is a late withdrawal penalty of $100 for any withdrawal made after January 22, 2021. If you withdraw less than 72 hours prior to the scheduled exam start time at the local testing center, you forfeit all exam fees.

Absence without Withdrawing

Any candidate who has registered but does not take the examination forfeits all fees.

Request for Additional Documentation

ABFAS reserves the right to request additional documentation to clarify or expand on the information submitted as part of the application process.
DEADLINES

Registration opens – November 2, 2020
Registration closes – January 15, 2021
Last day to withdraw without penalty\(^1\) – January 22, 2021
Last day to withdraw with penalty – 72 hours prior to exam date
Examination dates – RRA Surgery Recertification January 29 – 30, 2021
Foot Surgery Recertification January 29 – February 12, 2021

Requests to withdraw must be received and approved by ABFAS no later than 72 hours prior to the scheduled exam start time at the local testing center. No exam fee refunds will be authorized after that time.

1. The application fee is nonrefundable

If you need additional information after reading these instructions, please contact ABFAS at

Voice: 415.553.7800    FAX: 415.553.7801
M-F 7 a.m. to 5 p.m. (Pacific Time)

Or e-mail questions to info@abfas.org.
Appendix A

ABFAS SAMPLE HOSPITAL/SURGICAL CENTER PRIVILEGE LETTER

This letter is a sample only and may be used as reference when requesting your appointment letter. The items listed are the critical data elements that MUST be provided on all privilege letters. Contact ABFAS at info@abfas.org or 415-553-7800 if you have questions. You can download a template here.

Please submit proof of privileges before you take your MOC (Recertification) examinations. Submit documentation to: privileges@abfas.org
