Preparing for Your CBPS Exams

Preparing for your CBPS exams can be a challenging but rewarding experience. It involves understanding the content of the case and applying it to your clinical knowledge. Remember, the exam is designed to test your ability to diagnose and treat foot and ankle conditions, not how the exam works.

Watch the CBPS Exam Video

Access to the CBPS practice exam is unlimited, and the more times you practice, the easier it will be to navigate the exam functions. The CBPS practice exam is designed to help you become more familiar with the common questions and how to approach the exam. Be sure to watch this video to learn about the CBPS exam and how to prepare for it.

On-Boarding for Podiatry Residents with the Boston Area Foot and Ankle Council on Teaching (BAFACT)

On-boarding is an annual rite of passage for all residents starting their postgraduate training. The on-boarding agenda was to continue the collaboration amongst the institutions and provide an opportunity for the residents to meet, socialize, and establish a network with their peers.

The presentations included:

- Navigating from tab to tab
- Making selections
- Of the 236 residency directors in the United States, 200 of them are ABFAS on-boarding program was to continue the collaboration amongst the institutions and they began their postgraduate training. Not only did it help lay the necessary foundation for these residents as they began their postgraduate training, but it also allowed them to meet, socialize, and establish a network with their peers.
